

Automobile Decals

The Town of Shenandoah no longer issues automobile decals. However, you will pay a vehicle license fee on your personal property tax bill for the first half of the year.

The vehicle license fee is based on the vehicles registered through the Division of Motor Vehicles as of January 1st each year.

The cost is as follows:

\$20.00 per vehicle or trailer and \$10.00 per motorcycle.

Tax Rates are as follows:

Why must I pay taxes to both the County and Town?

Towns and counties provide different services. The majority of Town tax money goes towards funding water, sewer, police, and refuse services. It also includes some street maintenance and street lights.

The majority of County tax money goes towards funding the school system. The County also provides some rescue services, the court system, landfill, dispatching services, health and welfare benefits, and many other services enjoyed by Town citizens. So you are not paying double taxes, you are just

buying services from two separate providers.
