Mamma Mia

"a story of a family"

Almost 20 years ago, our doors were first opened for business by our Father and Mother, Domenico and Fleda Pugliese. Opened in a relatively small space, around the corner in the IGA Shopping Center here in Shenandoah. "Mamma Mia" which translates in Italian to "My Mother," was my Father's way of recognizing his mother (our grandmother), as being a driving force and inspiration throughout his life. Mamma Mia Pizza, Pasta & Subs, as we called ourselves, fittingly opened for business during the week of the Super Bowl XXXI in 1997. With our Father's immense experience and drive and our Mother's personality and attention to service, the place was an immediate success.

Many of the recipes were tried and true Italian classics, along with some of the best New York-Style pizza around...and the guests loved them! Both my brother, Angelo, and I began working in the family restaurant at very young ages. Over the years our parents taught us the value of hard work.

Fast forward almost a decade-and-a-half to present day, Mamma Mia Italian Restaurant, as we are now named, is currently a destination for locals and visitors alike. We have transformed from a small Mom & Pop pizza joint into a full service Italian Restaurant. Our entire staff is comprised of our team of knowledgeable and willing people ready to go above and beyond to make every guest feel like our best friends and family, as if they were sitting at our Mother's table for lunch or Sunday Dinner. From our family to yours, welcome to Mamma Mia!

Romeo & Angelo Pugliese
