Town Manager Roudabush stated the new Chair of the Committee was aware. The \$2,500 could not come from current ARPA funds, but can be taken from the ARPA reimbursements. Currently, the Town has \$253,453.41 in ARPA reimbursements, which was previously specified for the completion of the new well.

There is no exact cost estimates yet for completion of the new well, but it was determined \$2,500 would not have an adverse effect.

Councilman Jenkins stated the next allotment of ARPA funds is for infrastructure and can be used

to reline or replace these lines.
